

Houghton Mifflin Harcourt

Go Math! and Big Ideas Math Replenishment Order Instructions

The seven-year agreement between Houghton Mifflin Harcourt (HMH) and the North American Division of the Seventh-day Adventists (NADSDA) allows gratis replenishment Go Math! Student Bundles and BIG IDEAS Common Core Record and Practice Journal for the life of the contract.

Go Math!

Only one HMH SE/Practice Book Bundle may be ordered for each Student Core Bundle purchased each year.

For example: If a school purchased 20 Go Math Student Core Bundles in 2012, they are entitled to 20 gratis Go Math SE/Practice Book Bundle in each remaining year of the contract. Because of the unique SDA classroom, Go Math! SE/Practice Book Bundles may be ordered based on the total number of Go Math! Student Bundles purchased per school, no matter the grade level configuration of the original purchase.

An order form has been created for replenishment of Go Math! SE/Practice Book Bundles. The bundles are gratis, however a 10% shipping fee applies. The form will auto-populate with the exception of State and Local Tax. Schools that reside in states where tax is required must manually enter tax based on that state and tab once to have the shipping total calculate.

Big Ideas Math

Only one Larson BIG IDEAS Common Core Record and Practice Journal may be ordered for each Larson Big Ideas Math Common Core SE/Record and Practice Journal Bundles purchased each year.

For example: If a school purchased 20 BIG IDEAS Common Core SE with 7 Year Record and Practice Journal bundles in 2012, they are entitled to 20 gratis Common Core Record and Practice Journals in each remaining year of the contract. Because of the unique SDA classroom, Big Ideas Math Record and Practice Journals may be ordered based on the total number of Big Ideas Math Common Core SE/Record and Practice Journal Bundles purchased per school, no matter the grade level configuration of the original purchase.

An order form has been created for replenishment of Big Ideas Math Student Bundles. The bundles are gratis and, because of a special agreement with LarsonTexts, no shipping charges will be applied to Big Ideas Math replenishment orders.
